Testimonials

Halliburton Manufacturing Services

"We chose Outsource Safety as our health and safety providers due to the vast array of courses and services they offer in order for Halliburton to ensure all of our health and safety needs and compliance are met. Their knowledge and expertise is extensive, up-to-date and informative. Their staff are helpful, friendly and professional. This puts them first as our health and safety provider".

We have worked closely with Halliburton Manufacturing Services since 2003 providing occupational hygiene services and safety support on a whole range of areas affecting the business. A few of the services which we have provided are listed below by way of description;
