

Case Study: Health & Safety Consultancy Support for Rain For Rent UK Ltd

Client: Rain For Rent UK Ltd

Consultant: Sean Sanders, QHSE Integrity Services Ltd

Duration: 3+ years (ongoing)

Overview

Sean Sanders has provided ongoing health and safety consultancy services to Rain For Rent UK Ltd for over three years. The engagement has focused on ensuring regulatory compliance, strengthening health and safety governance, and supporting the alignment of UK operations with wider corporate systems and expectations.

Scope of Support

Support has included the review, development, and continual improvement of health and safety arrangements to ensure compliance with UK HSE regulations. Sean has provided ongoing professional advice, supported the introduction of new systems, and worked closely with both UK management and the US parent company to ensure effective implementation within the UK regulatory framework.

Outcomes

Rain For Rent UK Ltd is now operating with up-to-date, compliant health and safety systems that are embedded within day-to-day operations. Continued advisory support ensures sustained compliance and effective integration of corporate health and safety requirements across the business.

Client Testimonial

"Have been working with Sean for over 3 years and couldn't recommend him highly enough, he's brought our company up to date with the HSE regulations we need to perform to and most of all keeps us there. His knowledge and experience has been hugely beneficial to us and in supporting our US parent company introduce new systems into the UK."

– UK & Ireland Manager, Rain For Rent UK Ltd
