- COSHH assessments

Health & Safety Consultant P/T  Oct 2016 - Present
Hill H&S Advice Ltd, N/E Derbyshire

Launched independent, safety & health advice service to help SMEs fulfil their health and safety legal obligations. Work involves advising and supporting clients, completing fire risk assessments, writing bespoke risk and COSHH assessments and assisting with third party accreditations.

Clients from the education, insurance & private sectors. 

Health & Safety Adviser  Jun 2017 – Jul 2018
Westfield Health, Sheffield

Part time work here involved auditing existing systems and advising on future direction of H&S. Recent work:

- Achieved ISO 14001 & OHSAS 18001.
- Writing new guidance for managing and working safely.
- Environmental internal auditing.

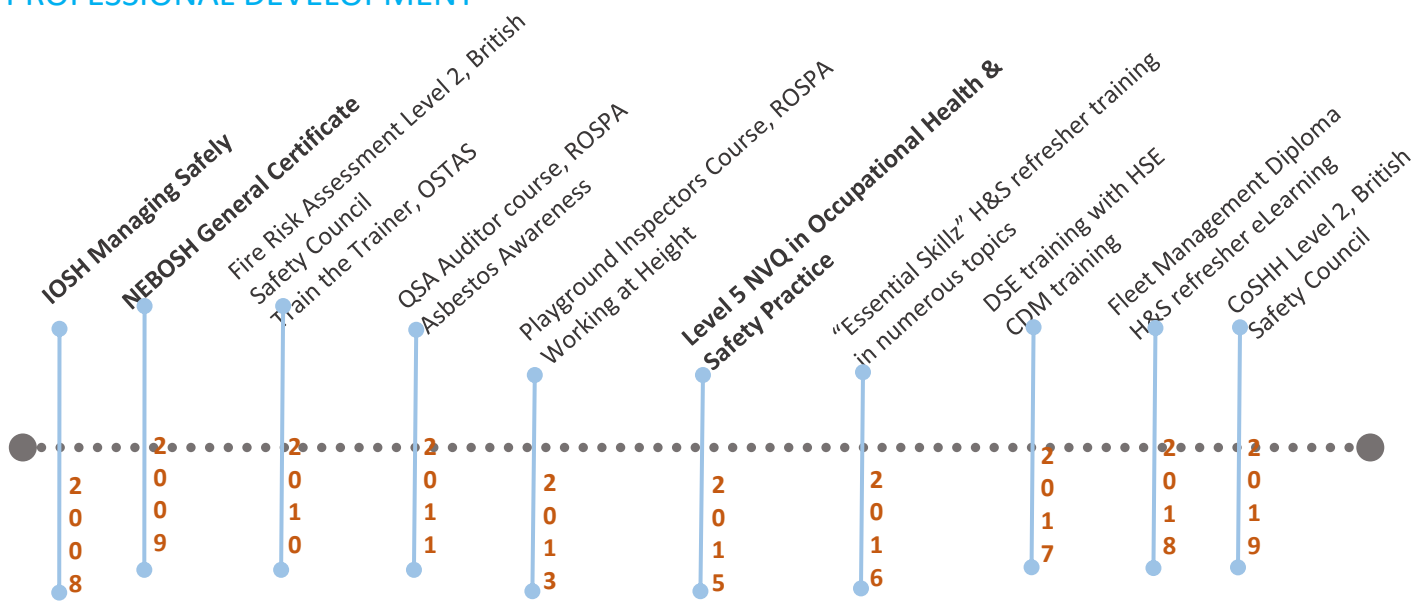

- Introduced e-learning into the business for H&S and business protection. 

Health & Safety Adviser  Feb 2015 – Oct 2016
Northern College, Barnsley

Worked in the education sector to ensure the health, safety and welfare of students, staff and contractors at the college. Implemented a new safety management system in order to comply with safety legislation. Established new H&S policy and guidance documents and risk assessments including a system for managing contractors.
