

Case Study 3: Health and Safety PQQ (Strategic piece)

Scope:

Review existing PQQ process and recommend improvement for safety and health performance criteria.

Work completed:

1 day spent on site with management teams and operatives;

1 day writing report and client feedback

Outcome:

- ✓ Enhanced the objective measuring of the client PQQ to ensure consistency
- ✓ Recommendations for interview techniques applied
- ✓ Increased due diligence process of the PQQ and introduced Minimum Levels of Performance
