

## Case Study 2: Client Assurance CDM Project

### **Scope:**

Inspect a STOR project for compliance during Construction Phase | RIBA Stage 5

### **Work completed:**

1 day spent on site with management teams and operatives;

1 day writing report and client feedback

### **Outcome:**

- ✓ Red | Amber | Green audit report created
- ✓ Feedback to site management and operatives provided on site
- ✓ Revision in working at height practices implemented immediately
- ✓ Increased understanding of COSHH storage requirements
- ✓ Assurance that client had engaged competent principal contractors for the commission
- ✓ Further consultancy services with the client secured
