

“Providing health & safety support when you need it, where you need it most “

## Our Foundations

Award Health and Safety Ltd has been established, 11 years in 2016 and in response to a dearth in the market for professional, high standard, consistent and realistic support for businesses of all sizes.

Our services are customised to specific client and project risks. We believe in a **common sense** and realistic approach to management of health and safety risks. With Award Health and Safety Ltd you can expect a straight forward, reliable and prompt **personal** service. We provide peace of mind to clients that their legal obligations under the current health and safety legislation, including CDM regulations, are fulfilled without unnecessary costs, bureaucracy and hassle.

We are based in Hampshire and are a Multi Award Winning Health & Safety Consultancy.

We work closely with clients on a diverse range of projects which allow us to develop training and products that have been specifically tailored to meet individual application requirements.

Our vision is to continually improve your safety in your workplace. We aim to develop a deeper understanding of our customers needs and offer the very best services in guidance, training and equipment for today's modern work place. We will always strive to “**Exceed Your Expectations**”

for working safely today”

## Health and Safety Advisor Services

It is a legal requirement under Regulation 7 of Management of Health and Safety at Work Regulations 1999 that companies have access to competent health and safety assistance. Award Health and Safety Ltd will help you to fulfil this legal obligation. For an agreed annual fee, spread over 12 months, we provide a cost effective retainer service. In line with your business and legal requirements you can choose from different levels of service. This retainer service reduces your health and safety overheads and provides you with a flexible service, cost certainty and access too experienced, competent health and safety professionals on board whenever you need them.
