To whom it may concern...

“We had been looking for a Health & Safety Consultancy company for several months, but the few ones I got in touch with never seemed able to meet our criteria and never offered that personal touch.

Finally, when I discovered Comply at Work through a Google search, it appeared we may have found the company we had been looking for, which became obvious as soon as we started working together.

After reviewing our requirements, Sue sent us a few proposals on how we could achieve the CHAS accreditation we were seeking. Sue stayed personally in charge and guided us through from the additional training that was needed and any additional documentation.

Needless to say, we are extremely satisfied with the results. A big thanks to Sue and all the staff at Comply at Work.”

David Pierce, Managing Director, Red Rose Groundcare Ltd
