Carrs Pasties have received professional advice and assistance, with regards to Fire Marshall Training, IOSH Training for the Directors, and a Risk assessment.

We are currently seeking further advice with training, and to have continued support on a yearly basis to assist Carrs in ensuring as a company we are meeting all the legal health and safety obligations.

We chose Comply at work, as we have found their service to be of a very high standard, very helpful with a high level of expertise and experience within their company.

Comply are very approachable, they talk with a non-jargon approach, they understand our business needs and I would recommend Comply At Work to other businesses that are seeking professional advice on Health and Safety Consultancy and Training.
